REPORT FOR PRESIDENT ON DOGFIGHT

BY Alan Gregory & Glen Moseley

Alan and I met a couple of times and reviewed the Dogfight books from both the Weekend and the Weekday books. After going through both books we found a total of 32 people who have participated in both. Probably about 10 of these are very infrequent players of one or the other. There is a list of over a hundred names on the weekday book who have never played on the weekend. We're sure at least fifty of these folks could be dropped for infrequent play. On the weekday book there is no date to see when the last time a person played. W.W. Ray made a small slash with a year on some but others have no information at all. We feel when we combine books that the weekend sheet is a better form as it gives a date with day, month, and year to gauge play by. While going through our weekend book Alan and I took out about 25 to 30 sheets for people who haven't played since 1996. One proposal will be that if a player doesn't play for ninety days or 3 months then his sheet should be pulled out and a new target will have to be established to get back in. This will prevent people from coming in once a year just for the big holiday Dogfights and then never playing again for a year. The 90 day rule would be waived for an injury or illness which prevented a player from playing. While looking at the 32 common players and reviewing the targets in each book in at least 95% of them there is only one stroke difference between the two. Only about 5% were in excess of two strokes. For the 32 we propose taking the best 3 of last 5 in both books, then take the best 3 of that 6 and set the target. The target for the 95% will be within one stroke of what it is now and the other 5% will move to what is probably a more realistic target for them.

Sandbagging has been discussed where players move from one set of tees to another and then back to adjust their targets. To prevent this we move that all play be from white tees only. The computer handicap system for the club is based on the whites anyway therefore this is a logical solution. Another method of sandbagging is where a player starts having a bad day and then quits trying. The only thing a person can do about this is to encourage the folks within his group to play hard and not give up. I recently had a terrible front side where I pulled 3 points on the front but went to the back and pulled 14 to come within a couple of strokes of making my points. One solution discussed was to make a ceiling of (+ 5) this would be the best you could be no matter what you shot. Its a lot easier for us high handicaps to be plus seven or eight than for the mid it low handicap. For a par golfer to shoot + 5 he has to shoot a score of 67, the chances of this are slim to none. Where on the other hand if a high handicapper has a target of 5 points, all he needs to do is have pars on the par 3 and a couple of bogeys and he's plus five. The guy in the middle usually will be within plus or minus 1 or 2 of his target. Some suggested that we set a minimum target like the weekday format however after reviewing the book I saw several who have only pulled the eight points just one time in 20 or 30 times of play. One can say this person should not play but he has as much right as any of us to play and get better. I do think this type of golfer should consider lessons or he is destined to contribute. A perfect example of this is Steve Piper who started having to pull only about five points he has got better after receiving lessons and now regularly pulls 14 or 15 points. This is a area where we need to make a decision so that it is fair for all. Its always been our goal to promote fellowship and golf for all and to make it fair for all Alan & I think possibly the cap on the upper end would provide the best solution. All of these ideas are from input we received by discussing them with others.

REPORT FOR PRESIDENT ON DOGFIGHT

BY Alan Gregory & Glen Moseley

Another problem which needs to be addressed is the book and who keeps it up. The CCGA has always took care of the Weekend book. And if we take the Weekday we will take care of it as well. Our Dogfight is not a responsibility of the Golf Club Staff. If we are going to be responsible then we must assume the duty. What this means is the first group which goes out in the Dogfight will be in charge of the book for that day. This is going to cause a problem with the golf league as they play later and its not fair to ask a guy to sit at the club for an additional two hours for a couple of people who want to play both. We who are not able to play in the league don't know all the rules but I believe its match play which means you play it out. And the Dogfight rule says we pick up after a double bogey. Since slow play has been a problem lately we're asking for this to be enforced. This means people may have to make a choice on what they want to play in.

The last item we discussed had to do with the payoffs. Since its one book we may want to change the way we pay out. Maybe go with a five dollar bet all the time and do away with the team deal we have on the weekend. This would give us one sheet for all. Alan likes the idea of keeping the ten dollar bet for the weekend and holidays, but maybe changing to a all individual payoff and pay more places. This would mean keeping two pay sheets in the book.

These ideas and suggestions are not to make anyone mad, they are to improve the way the Dogfight is ran and make it fair for everyone. We're sure there is more ideas and possible better ones but the things we've discussed are a starting point.

CEDAR CREEK GOLF ASSOCIATION

WEEKDAY / WEEKEND AND HOLIDAY RULES

1. All play will be from the white tees .
2. All players must have a verifiable handicap to participate. A target number of points will be established for a new player, and he / she will not be allowed to be over + or - 3, of that target until three rounds of play are completed and recorded in the Dogfight book.
3. Only one tee shot is allowed from first tee. No Mulligan ! If a player feels that the first ball is either out of bounds, lost or unplayable, then that player may play a provisional ball. Before hitting this ball he should tell fellow competitors make of first ball, and then the make of the second ball. It is advised that in order to speed up play all players should mark their ball with a distinguishing mark . This will lead to easy identification and prevent player from playing wrong ball.
4. Scoring : Points will be recorded as follows
 - 1 point for a bogey
 - 2 points for a par
 - 3 points for a birdie
 - 4 points for a eagle
 - 5 points for a Hole-in-one

To speed up play all players are asked to pick up after the score of double bogey is reached. This will prevent slow play and help the Cedar Creek Staff keep the tee times on time for the rest of the days play.

5. All players are asked to adhere to the one ball rule, which simply means if you hit a particular brand ball off the tee that you complete the hole with the same ball.
6. Follow all posted and oral instructions of the Golf Course and its staff. The CCGA takes great pride in the Cedar Creek Course and ask its members to repair all divots, ball marks, and traps. We also ask that if you see someone destroying the course or acting in a unprofessional manner that you either speak up to the individual or report it to the Staff as its your property that you're protecting.
7. PGA rules are in effect except that during Dogfight you're allowed to roll the ball one club length no closer to the hole in the fairway only. (Short grass) All putts must be holed out . No gimmies !
8. If you wish to participate in the Weekend Dogfight you are required to call by Wednesday and place your name on the tee sheet to secure a spot. If you fail to call and there are more players than tee times you will not be allowed to participate.
9. If you play in first group of Dogfight you will be responsible for placing the closest to the hole markers on the Par three holes, and handling the book and the money for the Dogfight. (This means recording all scores and adjusting targets in book and having money ready for distribution when last group is finished).
10. Each group is asked to turn in card as soon as play is complete. If side bets are made, you're asked to keep them on a separate card. This will allow the persons taking care of the books to finish in a timely manner.

Mr. Lance Bailey,
Head Golf Professional
Cedar Creek Golf Club
Aiken, South Carolina 29803

Dear Lance:

On behalf of the Cedar Creek Women's Golf Association I would like to thank you and your entire staff for the excellent cooperation and smooth running of our inaugural CSRA golf tournament March 17th. Scott, Rocky and Mike were very helpful to me especially during all of my prep time.

The golf course was in wonderful condition thanks to Randy Richardson, Golf Course Superintendent and his crew. Compliments by women from other clubs were heard throughout the day.

Special thanks to Julie Gantt, Food Manager, and her staff. Lunch was presented beautifully and enjoyed by all. The St. Patrick's Day cake and decorations were a nice touch.

Despite the cold weather, temporary water breakdown and continuing lack of adequate restroom facilities the tournament survived. There is still a real need on management's part to rectify the women's restroom situation in the clubhouse if more women's tournaments are to be held at Cedar Creek.

CSRA officers and members from other clubs expressed their hope that Cedar Creek will become an integral part of their organization.

Mr. Lance Bailey

Dear Mr. Trogdon:

Wayne Jones, President of CCGC, has asked the women to comment on increasing membership, our response centers on a sub-standard clubhouse women's restroom and the need of a toilet facility.

Cedar Creek Properties and its companion golf club continue to grow as does the basic need for adequate restrooms. In addition to the golfing members needs there are various social and business functions throughout the year with attendance in excess of 100. One women's toilet in the ladies room simply cannot be classified as an accomodation.

It is recommended that the Golf Club and Cedar Creek Properties management work together on this issue. It is of mutual benefit to both and should proceed without delay.

We plan to forward estimates for remodeling the present ladies room at a future date.

Dear Mr. Trogon,,

As a follow-up to my letter dated February 15, 1998 I am enclosing an estimate for remodeling of a women's restroom. The plumbing estimate includes the addition of two more toilets and one sink.

We feel this addition would greatly enhance the present facility for a reasonable sum of money. We are recommending that the Golf Club and Cedar Creek Properties management work together to fund this project.

I met with Wayne Jones, President of CCGC, and the members of his organization. They agreed that the women's restroom needs to be improved and have given us their support.

We hope to hear from the Cedar Creek Golf Club concerning the approval of remodeling the restroom in the near future. If you need further information or if we can be of any assistance to you, please contact us.

A set of Lady Cobra Oversized Irons and Woods are available in the Golf Shop for Demo use. Stop by and give them a test drive(chip or putt).

ADAMS GOLF DEMO DAYS

On Thursday, Friday, and Saturday (April 9, 10, & 11) Adams Golf will have a tent on the Driving Range. If you are interested in improving your game, this would be a great time to see what Adams can do for you!

COURSE NOTES:

Spring is finally here and we are getting the dry weather that we have been waiting on all winter.

With Masters Week coming up we are very proud of the condition of the course and clubhouse grounds. During this week we will be working a split shift. We will set up the course in the morning and return in the afternoon to do our mowing and other maintenance duties.

On May 5th we are going to aerify the greens. We are going to use solid tines so the greens should heal within a few days.

I would like to thank those who are participating in the Adopt-A-Hole Program. Your efforts are greatly appreciated

*Thanks again for you support,
Randy Richardson and
The Cedar Creek Maintenance Staff*

CEDAR CREEK GOLF ASSOCIATION NEWS

We hope those of you that have played the course in the past few weeks have noticed the addition of the new Dogwood Tree on the front right of Hole Four. This tree was planted to replace a much larger one that was in that same location in the past. We trust you will find this an added attraction to the hole and not a distraction to your game.

The Adopt-A-Hole Program and other worthwhile projects are beginning to develop. The sign up sheet is currently available at the desk. (See article in this newsletter.)

The meeting this month is especially important to everyone that plays in the "Dog Fight". To find out more about what we are doing, you will need to come out, meet with us, and talk to your friends. Your vote counts.

The Cedar Creek Golf Association meets the first Tuesday of each month at 6:30 PM in the Clubhouse. Note the date and time on your calendar and join us.

NEW BUNKER

For those of you who have not played in the past few weeks, take notice. The maintenance staff has fashioned a new Sand Bunker on Hole 13 in front of the Green where the waste area was before. The previous design would not allow us to keep sand in the bunker, but this new design will alleviate that problem.

This new design allows the players to rake the footprints and maintain it as a sand bunker instead of a waste bunker. Just remember to rake the bunker and leave it in good shape for the players behind you.

NEW TREE ON HOLE FOUR

The Staff of Cedar Creek Golf Club would like to thank the Cedar Creek Golf association for its purchase of the new dogwood on Hole Four.

ADOPT-A-HOLE PROGRAM

There are still some spots available for the Adopt-A-Hole Program at Cedar Creek Golf Club.

This program is a very important program to the Club and the members. It was implemented to assist the Maintenance Personnel, but more importantly, to get the members involved in keeping our course in great shape we have grown to enjoy.

The program is very simple and works like this. Two people will be sign up for each hole. Once a week, they will go out at their convenience, rake traps, fix ball marks, etc. on their assigned hole. They do not have to do this together. Just check in with the Golf Shop, get a cart and go to work on your hole.

In exchange, Cedar Creek will give each member a free cart fee once a month, for their support. This program was in place about three years ago and was very successful at that time.

May Meeting Minutes
5/5/98

The Vice-president Heyward Barnwell called the meeting to order. A total of 17 members were present with one guest and the Cedar Creek Golf Association. The reading of the April CCGA Meeting minutes were read and approved. Earl Beckham CCGA Treasurer presented the Treasurer's report. There was \$1,206.97 on hand as of 5/5/98, with 65 total members in the CCGA. Lance called for the Staff report from Head Pro Lance Bailey. Lance reported that the Kathleen Messura Cancer Tournament was a huge success with a total of \$1,206.97 dollars being raised, a check from former CCGA Member Tom W. Virginia was also added to this total. CCGA Treasurer Earl Beckham reported that he had written the American Cancer Association a check for \$1025.00 dollars in Kathleen's name. Lance reported that Course Superintendent Richardson began aerification of the greens today on front nine and back nine on Wednesday, 5/6/98. Lance explained that the new green four had not settled properly and would be deep tined aerified and be just the small tines with no plug removal. At this point Bert Wronski expressed dissatisfaction with the way the format was ran for the Alan Gregory Tournament Director for CCGA ^{reinstated} took exception to it. Men were present at the last two meetings when the format was set. Rules were made prior to the event. First time attendee and member Bob interject his thoughts on how tournaments were ran at his old club. President Glen Moseley explained to Mr. Fruin that this tournament ran like this all year, (Four Man Captains Choice no handicap, local). He further went on to explain who Kathleen Messura was and way formed. Glen stated the real winner of this tournament was supposed to be the CCGA Association and not any certain individual. At this point Glen reminded Heyward Barnwell that this was not the time for this discussion as it was under general business. Heyward agreed and ask Lance to continue. Lance reported the club would hold it's Member Guest on May 16 & 17. Rocky would be giving free ten minute lessons as part of the Golf "slice program". The club will also be holding two junior golf clinics on June 22-25, each clinic includes a cookout on Thursday. Other events were discussed the Golf Digest Amateur Golf tourney for the cost of \$62.50 per player and the Oldsmobile Scramble on June 28. Bert Wronski brought up that he had markers on carts during a tournament that week, Lance explained that they were handicap markers but were merely markers for an outside tournament. They should have a certified CPR person in every other group and this person should be in for easy visibility. Alan Gregory was asked to give a report and he stated that Lance had covered most all of his information. The thing he had to do was set up the format for the June CCGA tournament. He asked Alan to set up a fun tournament, such as a four club, or par 3 tournament. He suggested maybe a Red, White, & Blue. Alan said he would get with the format and report back at next meeting.

CEDAR CREEK GOLF ASSOCIATION

Minutes for July 1998

July 7, 1998

The president, Wayne Jones, call the meeting to order at 6:30 PM. In attendance were nine members and the Golf Professional, Lance Bailey. (See attached list for those in attendance.)

Minutes from the June 1998 meeting were read and approved as presented.

The Treasurer's report was read by The President, Wayne Jones, in the absence of the Treasurer. A bank balance of \$1,461.97 was on hand as of July 7, 1998 with 76 members in the Cedar Creek Golf Association.

Cedar Creek Staff Report was presented by The Golf Professional, Lance Bailey.

1. The club is using morning tee times to accommodate players on Friday, Saturday and Sunday on Tees One and Ten. This is being used to allow more players to get early tee times and play before the hottest part of the day. The tee times will revert back to normal in the fall.
2. There are a number of past due accounts. This effects the operation of the club. Action is being taken to collect these past due accounts.
3. Dress code in effect and the fact that some pants and shirts had been purchased to stop from turning players away. Members needed to let their guest know about the dress code.
4. Dogwood Tree on Number 4 is Dead. Will be replaced by nursery when appropriate.
5. Oldsmobile Scramble was canceled due to lack of participation.
6. Member appreciation day set for July 29th.
7. Club Championship discussed and Lance ask the members present to vote on several items.
 - a. Flighting of players - decision to have separate flight for Championship, Mens Flights, Seniors, Juniors, and Ladies. Players must sign up and declare flights in advance.
 - b. Low gross and low net places would be established in each flight, as appropriate (based on number of players) except for the Championship Flight.
 - c. Tees to be used - Gold for Championship, Blue for 1st and 2nd Flight, White for the rest of the Mens and Juniors, and Red for the Ladies.
 - d. Early tee times for Saturday and Sunday for the tournament.

Tournament Director's Report was given by Alan Gregory. The "Par 3 Tournament" was a success. Won by Bobby Holcombe. Had 50 Players and everyone enjoyed the format and challenge of the course as it was set up.

Old Business:

Signage had been discussed in March 1998 meeting and a desire was expressed to obtain some. Wayne Jones presented one that he had obtained from a group. The cost to have them made was approximately \$200 each. The company would need exact specifications before giving a quote. No further discussion was needed at this time.

The Revised Dogfight Payout was presented by Alan Gregory for the Weekend and Holiday Dogfight. After a motion by Doug Snyder and a second by Dick Sparks, a discussion was had about the merits of the payout versus the old procedure. The motion carried unanimously. There was another motion by Doug Snyder with a second by Dick Sparks to make this effective with the July 11, 1998 Dogfight. This motion also carried unanimously.

New Business:

1. The members ask for Alan Gregory and Glenn Moseley prepare a similar Dogfight Payout for the Weekday Dogfight that would mirror the format approved for the Weekend/Holiday Dogfight. This is to be presented at the August Meeting. They have graciously agreed to do this.

Treasurer

June 1, 1998

To the Members of the Cedar Creek Golf Association:

As I write this letter, we are at the half way point of my tenure as your president. I hope that I have served the membership and acted in a way that would bring credit to this association and the Cedar Creek Golf Club. I regret my job has taken me away from the club and the association at times. However, the support from the other officers and board members is great and there to reaffirm our course of action for the year and keep us moving forward.

The association has made significant progress already this year. I invite you to reflect back with me on some of the accomplishments. We have:

- (1) Increased membership in the Cedar Creek Golf Association.
- (2) Provided more tournaments with outside involvement (especially from the ladies groups).
- (3) Raised more money for charities.
- (4) Modified dogfight rules to make it more equitable to all who play in it.
- (5) Supported the Cedar Creek Golf Club in activities and events (including bringing back the Adopt-a-hole program).

These were some goals, which I and the officers, set out to accomplish on this year's office. We are working hard to make these and other goals that the members have brought forward even more successful. Your support has made the success of these programs possible and will make our continued growth a year to remember.

As always, with the positive moves some areas are not so positive. I would like to address two items that concern me. I would also like to ask you to help me in trying to resolve these issues and make this organization better and stronger.

- (1) Members have voiced concerns in the past meetings about the way that tournaments are conducted. We welcome these concerns and your opinions if they allow us to try to improve future events. Therefore, it is important that each of you understand the need to attend meeting and voice your opinion, when we discuss the format and decide how our tournaments are to be conducted. Discussion is always welcome and we have readily listened to your constructive criticism and tried to apply it where it is appropriate. However, everyone must understand that there will always be one person or group that will not agree with the tournament chairperson or the committee on the format of play.

Hopefully, we can achieve a happy medium, through our discussions and everyone will be excited about the tournament and invite others to participate.

- (2) Incidents have occurred where members of the Cedar Creek Golf Association have addressed items that directly relate to the management of the Cedar Creek Golf Club. We have always invited our golf professional, Lance Bailey and his staff to attend our meetings and submit a report on the status of the course and club. They provide this report to keep the association informed about the course and operations. We must remember that the Cedar Creek Golf Association has no control over the day to day operation of the course or management. I have always found that Lance and his staff are willing to discuss problems, or perceived problems, with any of the membership. They have addressed some of our concerns during the meetings and relayed their proposed resolutions to the problems. However, our meetings are not the time or place for an intense discussion on these topics. Those discussions are best left for the private meeting with Lance in his office and should be done then. Therefore, I would like to request that future discussions of this nature be limited in our meeting.

The Cedar Creek Golf Association was founded to promote golf at Cedar Creek Golf Club and fellowship between the members and players. It has also been a forum for meeting new people and developing lasting friendships. This has happened as evidenced by our monthly Treasurer's Report that show our financial and membership numbers steadily growing. It is my sincere wish, this will continue to be our basis for being and we will continue to grow stronger. With this growth will come some change. Let us welcome this change as a positive effort and let it make us a better association.

In closing, I would like to thank the members of the Cedar Creek Golf Association for your support. We have accomplished much in the first half of the year; now let us go forth and do more. I hope each of you will continue to work with me to make this the best year in the history of the Cedar Creek Golf Association. I am always open to your suggestions and recommendations and hope you will continue to give me your comments.

Respectfully,

Wayne Jones

CCGA MONTHLY MEETING MINUTE AUGUST 4, 1998

The monthly meeting of the Cedar Creek Golf Association was called by President Wayne Jones at 6:30 pm on Aug. 4. Ten (10) members minutes from the previous meeting were read and approved as presented.

Treasurer's Report

There was no treasurer's report.

Cedar Creek Staff Report

Lance provided the staff report. There was considerable general discussion for the upcoming club championship. Some of the more notable

- You must play your ball as it lies (even in the fair ways).
- You must finish the hole with the ball that you started with, undamaged and deemed unplayable which must be concurred with partners.
- You can change balls after completion of a hole and it is permitted to switch to balata balls for the par 3's.
- If you think your ball may be lost or out of bounds, play a provisional ball to resolve an unplayable lie situation.

Lance asked if the CCGA wanted to be a part of a committee to recommend changes as deemed appropriate. It was decided that the current format would stand but that a stroke limit would be applied to the next flight if it were exceeded. The stroke limit would be after completion of play on the first day. Approximately 40 golfers tournament format. Play will be started on number 1 and 10 on the back 9. The day would start on the front the second day.

Lance mentioned that Jones Creek and the River Course were less attractive golfers and that he had discussed this with his management and the rates at Cedar Creek. It was felt that we had one of the best courses in the area and that you should pay to play the best.

The greens will be aerified on September 8.

Tournament Director's Report

There will be 4 club (excluding putter) per 2 man team tournament.
