

## **GACC Inclement Weather Policy**

In the event of heavy rain or thunder during play, the tournament will be delayed. All players will return to the club house and a determination will be made to wait out the storm or cancel the tournament.

If play can be resumed within an hour of the start of the delay, players will return to the approximate location on the hole where their ball was last played, place their ball and resume play from that point.

If the tournament is canceled, scoring adjustments will be made and winners will be announced within an hour of being canceled.
